Questions

Why is it important for residents on your property to have a new playground?

Please describe the condition of any existing playgrounds on your property.

How would leading the design, planning and building of a playground be of value to your community?

What type of community programs, services or efforts take place at your site?

A KaBOOM! playground project is a full community effort. What ideas do you have to get people engaged in planning for a playground project?

As part of a KaBOOM! playground project, the community is responsible for fundraising a minimum of \$8,500 during the planning process. What funds do you already have in place? Please share some ideas for fundraising for this project.

Please share anything else you'd like us to know about your community or interest in this project.
